

Girls saint costumes

All Saints Day costumes don't have to be complicated, and they can be fun and easy to put together!

This list of ***girl Saint costumes*** is organized by type of Saint, has a link to each Saint, and tell what kind of props to consider adding to your costume to symbolize that Saint. Here's a list of All Saints' Day costume ideas for girls to get you started:

Saints Who Were Nuns Or Religious

This is a big category for girl saints! I have [directions posted here](#) for putting together a simple no-sew nun costume. Start with the basic robes or dress, then add different accessories to create different Saints.

How to Make a Nun Costume

- That's right- a no sew, no fuss, super easy nun costume. Most of you can probably put this together with stuff you already have at home.

What you need to make an easy nun costume:

- Graduation gown (or plain black dress)
- White t-shirt
- Black fabric or black t-shirt

Start with an old graduation gown. If you don't have one, you can probably get one pretty cheap at a thrift store. I'm pretty lucky that my husband graduated from Franciscan, so his was black. However, if your graduation robe is a different color, do a quick google image search to see if nuns come in that color- chances are there's an order somewhere that does! Then put on a white t-shirt- but not all the way. Put your face through, but don't pull it all the way over your head. Like so:

Then throw the sleeves behind your shoulders. Nothing too hard here. You can even see that the shirt I'm using has a small logo on it- whatever!

Then throw a piece of black fabric on top. I didn't have any black fabric, so I folded a black t-shirt in half long ways and it worked just fine. Attach with bobby pins for extra wearability.

Then hold a rosary and try to look really "holy". 😊

Boys saint costumes

Coming up with ideas for **All Saints Day costumes** should be fun, not stressful! Don't make your kids skip the All Saints' Day party because you're afraid of coming up with costumes. You do NOT need to know how to sew to pull it off. This post includes more than 60 ideas for boy saint costumes!

For boys

Most saint costumes are going to start with a basic robe. One way to make a simple robe costume is to take a piece of fabric, cut a head hole in the top, put it on the child and tie a rope or piece of fabric around the waist. You can also wear solid colored clothes and then safety pin a sheet around yourself. For smaller children, cut a head hole and arm holes in a pillow case, place over them, and tie a rope around their middle. Wear some sandals.

Many boy costumes can have a beard. You can either use a little face paint to draw one on, buy a fake beard, or [click here](#) to see directions on how to make a beard yourself.

Saints Who Wore Armor

You can easily find plastic armor at stores around Halloween time, or you can make your own. Just cut your armor out of cardboard, hold together with duct tape, and cover in foil. I love this idea to [create helmet armor](#) by covering a bike helmet in aluminum foil. Here are some great tutorials for making [cardboard swords](#), [paint stick sword](#) and pizza pan shield, and a [paper mache shield](#) with a cross.

[St. George](#)– Dragon slaying saint. Very superhero. If you want to wear armor, but not wings or a crown, this is your guy.

- [St. Michael](#)– Archangel. Wear armor, carry a sword, and you'll need some wings and sandals.
- [St. Longinus](#)– Roman soldier with a spear. Here's a great tutorial on how to make a [cardboard Roman soldier helmet](#).
- Also, see the section on "Royal Saints" below.

Archangels– I think St. Michael is one of the most common All Saints' Day costumes I see, and why shouldn't he be? He's awesome!

[St. Michael](#)– See above under "Saints Who Wear Armor".

- [St. Gabriel](#)– Carry a horn.
- [St. Raphael](#)– Carry a fish.

Many of the kings can also wear armor and carry a sword. Of course, kings also wear crowns. There are plenty of royal saints to choose from:

- [St. Anthony](#)– Also a Franciscan. Patron saint of lost objects, so tape commonly lost objects (such as keys and tv remotes) around your robe. A priest costume can be easily put together by using some black pants, and a black turtle neck. Just tape a white square of paper onto the collar (or use a square of masking tape) and welcome to the priesthood! The colorful robes that priests wear on top would be optional for a costume. You can make priest vestments from sheets, or even cloth napkins!
